024 Llanarmon Youth Club – The council meeting was adjourned to hear Jane Claybrook make a submission on behalf of Llanarmon Youth Club. This is minuted separately.

025 Public Conveniences

Cllr Barbara Roberts (WCBC) informed us that the Public loos in Glyn Ceiriog were costing just over £4000 per year. Cllr EW Morris suggested that the current arrangement costing £500 p.a represented good value. Perhaps the signage on the closed loos, showing the alternatives, could be clearer. Cllr Evans-Swogger happy to help with notices but will need help fixing them securely.

026 Land Adjacent to Tregeiriog Water works – The clerk has received a letter from Pannone & Partners representing Dee Valley Water Plc, enquiring as to whether CUCC would like to open discussions to enter in to a new lease in respect of the land at Tregeiriog. In view of the facts that nobody used the facility, it cost £500 p.a. in upkeep & is adjacent to dangerous water, it was voted unanimously NOT to take matters further.

027 Reports from Committee reps – none

028 A.O.B

Cllr Roberts(WCBC) informed us that there would be free parking in Wrexham for December, in council controlled car parks ie. NOT Eagles Meadow

Roads – Markings for road repairs have already worn away with no repairs effected. Cllr EW Morris informed the meeting that tarmacking work had commenced on the Llechwedd Gwyn road. Cllr Roberts had e-mailed regarding this following the last meeting.

Cllr I Richards has made a Freedom of Information request regarding the cost of new road signs in the valley. There are apparently 56 new speed limit signs from Pont Vaen to Llanarmon.

Cllr R Edwards asked Cllr Roberts (WCBC) to make representations to WCBC regarding;

- 1) The state of roadside hedges though Coed y Glyn
- 2) State of crash barrier at Pont y Meibion

Churchyard – the grass was cut on Nov 1st. Roadside hedge has still not been tended.

Clerk notified meeting of a report from One Voice Wales regarding another successful National Conference. He furnished the chairman, rep for OVW, with a copy.
