

Cyngor Cymuned Ceiriog Uchaf Community Council

Special single purpose meeting

Tuesday 9th April 2019

7.30pm Centenary Hall, Llanarmon D.C.

The Chairman Cllr. Benning called a meeting (normally there is no meeting in April due to lambing) to discuss the installation of CCTV in Llanarmon D.C. following an incident on February 23rd 2019 and a subsequent meeting on Tuesday March 19th 2019.

Present – Cllrs KL Benning, J Greatorex, JW Thomas, F. Evans-Swogger.

The meeting was held to be quorate (50% of the Council), however, the clerk had been unable to contact all councillors at short notice.

Consideration of quotes – 3 quotes had been obtained; all were similar but two provided more security. It was decided to elect one which was not the one Cllr Greatorex uses at The Hand, as this would ensure there is no conflict.

Affordability – the clerk provided accounts to show that sufficient money was available.

Consideration of code of practice – Cllr Benning provided a draft code of practice which he has written with regard to Surveillance Camera Code of Practice and National Strategy for England & Wales.

Cllr Greatorex has kindly agreed to mount the cameras on The Hand & to host the equipment in a location separate from his own system.

Decision – The motion to install & pay for CCTV to cover the village centre of Llanarmon DC was proposed by Cllr Benning and seconded by Cllr Greatorex. Voted unanimously.

The way forward – The code of practice is to be tweaked following observations. Funding options are to be further investigated.

Further matters will be discussed at the next meeting of the council, following the AGM, when the community council should be more fully represented.
